Introduction

What is QRioCity?

QRioCity is a urban exploration game through which you will get to know Porto from the side of your choice! We offer up to **4 game modes**, so you'll be able to get to know the city from the **historical, romantic, natural or culinary side**! The game is based on solving puzzles and finding specific places in the city where QR codes are placed, thanks to which you will earn points. This is a **walking game** - you don't need to use public transportation. Each route will take you approximately **1,5 hour**. After completing the game you will be able to view the ranking and you will also gain access to **vouchers of our partners** - restaurants, cafés and museums.

About game

1

Log in

- Start game from public display or directly from your phone
- Join your friends or create new game
- Choose type of game - historic, romantic, nature or cuisine?

2

Start playing

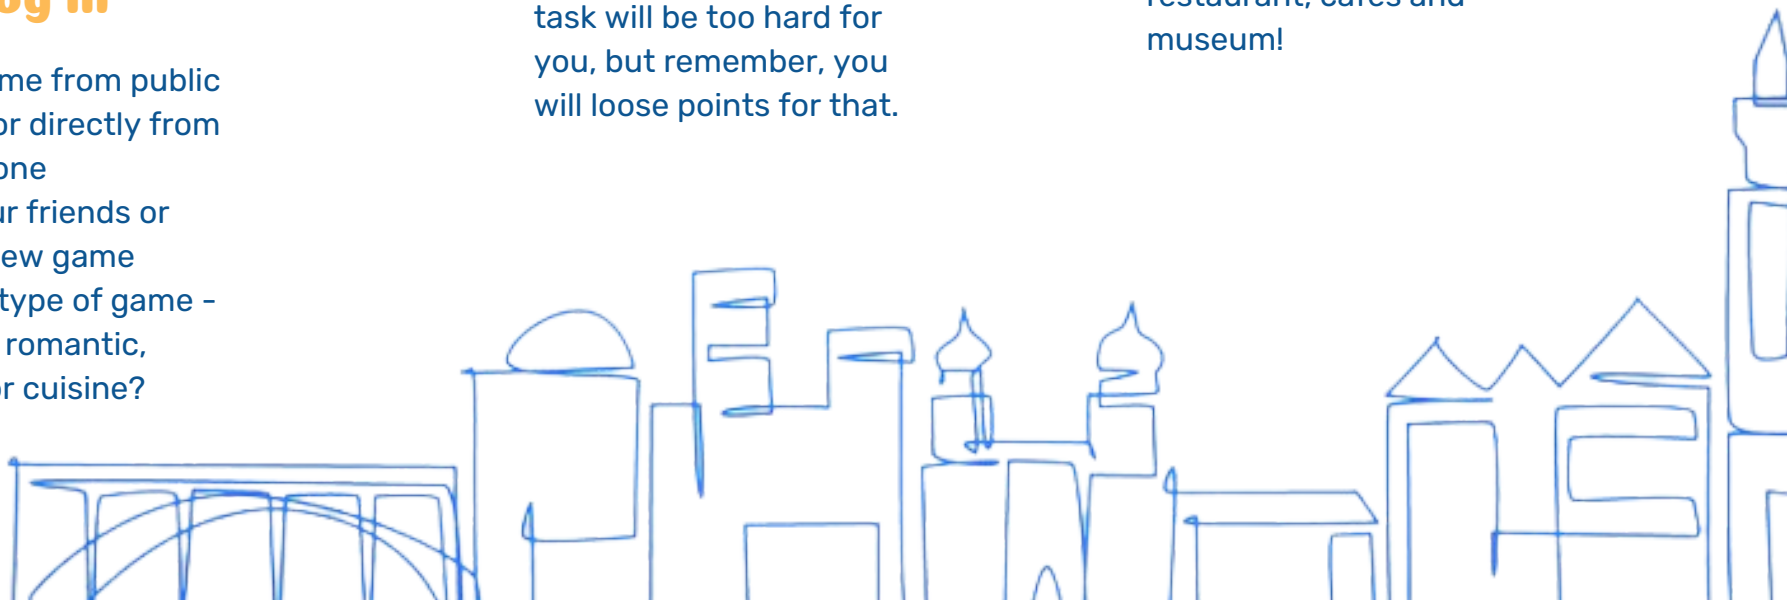

- Solve tasks, scan QR codes and gain points!
- You can use tips, if the task will be too hard for you, but remember, you will lose points for that.

3

Check your results and get vouchers!

- See the ranking and check how good was your team!
- Get free vouchers to restaurant, cafes and museum!

1 Start from Public Display

Choose a tour

Scan QR code with your phone

Enter game

2 Start directly from smartphone

Go to website and create new game

Choose a tour

Create room

Enter team name

Game code will
appear on the screen

Now you have **3 options**:

- Share it with your friends to compete with them
- Play together as one team
- Are you alone? Start your individual adventure!

Start options

Join room

Enter game code
that is visible on
your friend's phone

Frequently asked questions

Is the QRioCity compatible with my phone?

Yes, QRioCity is a web application that is compatible with any phone, regardless of operating system.

When will I receive vouchers from local partners?

Vouchers will be given to you upon completion of the game, regardless of how many points you earn.

Do I need special preparation before the game?

All it takes is a willingness to explore a new city! The game lasts about 1.5 hours and you will be walking, so take comfortable shoes.
